Summer Camp

Phoenix Allstars is proud to be expanding opportunities for our athletes. We are excited to be giving our athletes the opportunity to train with GymTyme Allstars World Champion coaches and athletes. This summer camp will give our athletes a chance to receive high level instruction with lower coach to athlete ratios than larger cheerleading camps. Your athlete will receive more one-on-one instruction in the areas of tumbling, jumps, and stunting. Your athlete will be training in a state-of-the-art facility. This camp will be a perfect fit for all athletes, levels 1-5. Instruction will be completely individualized based upon athlete's skill levels. Whether you want your athlete to learn a backwalkover or a standing full, this camp will be perfect for all. Camp is only available to athletes ages 8+ who are able to stay away from home for extended periods of time without a parent.
